RESPONSE TO RESTRICTION REQUIREMENT

COMMISSIONER FOR PATENTS
ALEXANDRIA, VA 22313-1450

SIR:

In response to the Restriction Requirement dated July 20, 2004, Applicants
provisionally elect with traverse Group I, Claims 1-32, drawn to a thermal processing
apparatus.

MPEP § 803 states:

MPEP § 803

. . . If the search and examination of an entire application can be
made without serious burden, the Examiner must examine it on
the merits, even though it includes claims to distinct or
independent inventions.

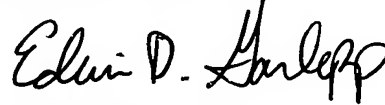

However, the outstanding Restriction Requirement has not established that an undue burden
would exist if the Restriction Requirement was not issued and all the claims were examined
together. Moreover, the claims of the present invention would appear to be part of an
overlapping search area. Accordingly, Applicants respectfully also traverse the outstanding
Restriction requirement on the grounds that a search and examination of the entire application
would not place a *serious* burden on the Examiner.

Application Serial Number 10/630,783
In Response to Restriction Requirement dated July 20, 2004

Accordingly, it is respectfully requested that the requirement to elect a single group be withdrawn, and that a full examination on the merits of Claims 1-42 be conducted.

Respectfully submitted,

OBLON, SPIVAK, McCLELLAND,
MAIER & NEUSTADT, P.C.
